

**PORTFOLIO EXTENSION**  
SHIELDED Y-SPLITTER WITH 3 CABLE OUTLETS

**PRN23\_004**

**SCOPE OF APPLICATION | APPLICATION**

Following the increasing requirements for a secure signal and data transmission ESCHA is expanding its portfolio with a 360° shielding Y-splitter with three cable outlets. Depending on the application the Y-splitter is equipped either with a signal cable for sensor/actuator use or a CAN/DeviceNet cable. Modifications are available upon request (feasibility check required).

**KEY FEATURES**

- 360°-shielding
- Current rating per pin (at 40°C): 4A
- Rated voltage: 60V
- Input: M12 female | Output 1: M12 male | Output 2: M12 female
- PUR-Cables for sensor/actuator- (S370) or CAN/DeviceNet- (S2800) applications
- IP65, IP67, IP68

**DATE OF PRODUCT RELEASE**
